## Home Heating Supplement Program (Furnace and Stove Oil)

## **Program Details / Application Instructions**

$\triangleright$	
	The Home Heating Supplement Program (Furnace and Stove Oil) provides financial assistance to eligible households that directly incur costs for the purchase of furnace and stove oil for their <b>principal residence</b> in the province. A minimum purchase of <b>250 litres of oil is required from January 1, 2025 to December 31, 2025</b> .
$\triangleright$	Eligible households are those who have an adjusted family net income of \$150,000 or less for the 2024 taxation
	year. Adjusted family net income is the net income (line 23600 of the income tax return) of the applicant plus, if applicable, the net income of that applicant's spouse or common-law partner.
~	
<i>¥</i>	Eligible households will receive a maximum supplement of \$500, where adjusted family net income for 2024 is \$100,000 or less. A partial supplement is available to households with adjusted family net income for 2024 above
	\$100,000 but less than or equal to \$150,000, with a minimum supplement of \$200.
$\triangleright$	Only one person per household may apply for the supplement.
>	Households where heat is included in rent as well as fully subsidized Newfoundland and Labrador
	Housing units are not eligible for the supplement unless they can provide invoices to substantiate the
	minimum purchase of furnace or stove oil.
$\triangleright$	Deadline to submit applications is January 15, 2026. Late applications will not be accepted.
$\succ$	Please complete the application form IN FULL. An incomplete application without proper documentation
	may result in the form being returned and payment being delayed.
$\succ$	Enquiries about the program may be made at (709) 729-4645 or toll-free at 1-844-729-4645 or by email at
	OilSupplement@gov.nl.ca. Calls may be recorded for quality assurance purposes.
$\succ$	Most applications should be processed within 10 weeks of when they are received by the Department depending
	on volume of applications received.
$\triangleright$	If you currently receive either your personal income tax refund or GST/HST credit by direct deposit from the
	Canada Revenue Agency (CRA), payment of your Home Heating Supplement will be by direct deposit into that
	same bank account. Otherwise, you will receive your payment by cheque. Cheques must be cashed within 6
	months of issue date or they will become stale dated and have to be re-issued.
Requi	red Documentation (During application processing, further documentation may be requested)
$\succ$	
-	An application cannot be processed without (1) an original signature/consent, (2) the appropriate Social Insurance Number(s), (3) Date(s) of Birth, and (4) having your 2024 income tax return filed with the
